

Hobsons Bay City Council

Economic Development Strategy **Action Plan**

2016 – 2017

**HOBSONS
BAY CITY
COUNCIL**

Introduction

Developed in conjunction with the Hobsons Bay Economic Development Strategy 2015-20, this action plan outlines the key priorities and actions for the 2016 to 2017 financial year, and future actions that will be undertaken by the Economic Development unit.

The actions outlined below align with the five strategy themes of **Business Support and Engagement, Investment Attraction and Facilitation, Community Led Economic Development, Sustainability and Learning, Connectivity and Innovation** and have been prioritised as high, medium or low.

The action plan outlines each action, its measure and the responsible department within Council, while also providing an indication of the level of funding required to effectively deliver the desired outcome.

The cost level of funding has been estimated based on current and past program costs. As a guide, the following funding classifications have been used:

Indicative cost	Classification
\$0-\$15,000	Low cost
\$15,001-\$50,000	Medium cost
\$50,001+	High cost

To ensure that each action is adequately resourced, further quantification will be required to determine precise funding requirements.

Some of these actions are subject to change based on available funding and partnerships.

Theme 1

Business Support and Engagement

Delivering a suite of programs and services to new and existing businesses in Hobsons Bay will continue to be a priority, as Council works collaboratively with local business, industry and other stakeholders to strengthen and grow the local economy.

By providing the resources required to ensure an engaged and inclusive business community, and improving the accessibility and awareness of the information and assistance available to businesses, Council will aim to increase collaboration and skills among stakeholders.

Theme 3

Community led economic development (LED)

Community led economic development (LED) aims to deliver sustainable social and economic outcomes for the community by utilising local resources and opportunities in the economic development process.

Hobsons Bay is home to a vibrant and diverse business community, characterised by activity centres, industrial precincts of state significance, and a growing number of home based businesses. The municipality is unique in its diversity and in the broad mix of industries that operate within close proximity to each other. There is an opportunity to increase

awareness among local residents, businesses and visitors, of the broad range of goods and services on offer within the area. Actively promoting Hobsons Bay to local residents and the broader region of Melbourne's west will contribute to the continued growth and vitality of the municipality, while also creating local opportunities for employment and community engagement.
