

Six COVIDSafe Principles

All Hobsons Bay Businesses must have a COVIDSafe Plan which includes the six COVIDSafe Principles and sets out actions to help prevent the introduction of coronavirus (COVID-19) in the workplace.

1. Ensure physical distancing

All people in the workplace should be at least 1.5 metres apart and there should be no overcrowded areas.

2. Wear a face covering

Workers and customers must always wear a face covering except when eating and drinking. Health or other exemptions apply.

3. Practise good hygiene

Operators must regularly clean high touch-surfaces and encourage good hygiene practices by workers and customers.

4. Keep records and act quickly if workers become unwell.

Have a strict policy that any workers who feel unwell must stay at home.

5. Avoid interactions in enclosed spaces

All activities are to be held in outside areas which don't have a roof or ceiling, where practical.

6. Create workforce bubbles

Limit the number of people that workers have prolonged close contact with.

Where can I find the COVID-19Safe Plan, and the latest information on safely reopening my workplace?

Visit coronavirus.vic.gov.au or if you suspect you or a worker may have coronavirus call the dedicated hotline **1800 675 398** – open 24 hours, 7 days.

For more information on local business support, visit hobsonsbaybusiness.com.au/hbbusinesshasheart or call **9932 1616**
